Order Description

Purpose of order

The purpose of this order is to select and deliver immaterial and legal assets – computer design software allowing simultaneous definition of technological and procedural requirements. The order is meant to properly realize the project in matters of functioning of software directly related to innovative production process.

Order object

Delivery of immaterial and legal assets – computer design software allowing simultaneous definition of technological and procedural requirements.

Technical/functional parameters requirements:

1. Designing refining and finishing packaging elements varied in terms of size, form, shape;
2. Editing existing objects;
3. Operating in project libraries including FEFCO, ECMA and their independent scaling;
4. Creation of own project libraries;
5. Adapting projects originating from standardized libraries to personalized requirements and unusual needs;
6. Controlling cutting plotter;
7. Designing punches based on packaging project;
8. Support for .cff, .dxf, .ai, .eps, .pdf formats;
9. 3D simulations for packaging projects and exporting the 3d project to .pdf;
10. Importing graphics on the packaging; perspective simulations, 3D imaging;
11. Ability to import .stl, .u3d, .obj format files;
12. Support for Adobe Illustrator and the ability to fit the packaging elements to the managed graphic;
13. Designing and optimizing the sheet layout including the placement of individual elements;
14. Calculating the packaging for ready product including the technical and technological parameters of the packaging and the process conditioning and order requirements;

15. Calculating the product weight including the process and production waste;
16. Calculating the weight based on order requirements allowing for transport optimization;
17. Calculating the production and process running optimization costs;
18. Generating detailed process and technological data for different projects including the generation of technological process cards;
19. Generating material needs in accordance to the packaging technological project;
20. Generating tool requirements in accordance to the packaging technological project;

Questions & Answers

Not applicable

Entitlements to perform specific activities or actions

1. The condition for participation in the proceedings is delivering to Epros Sp. z o.o., Sp.k of the tender corresponding to the order, within timeframe detailed in the order;
2. The bidder will ensure the installation, configuration and technical support for the software in question;
3. The bidder should be able to provide qualifications to perform specific activities or actions if required by the law;
4. The tender has to include full specifications of the software in question;
5. The received tender rating will be performed in accordance to specific rating criteria;

Additional requirements

- Epros Sp. z o.o., Sp. k. reserves the right to cancel the tender procedure for any reason;

Conditions change agreement

- Epros Sp. z o.o., Sp. k. reserves the right to change the provisions of the agreement concluded as a result of tender procedure, on the basis of a situation beyond the control of the Employer and the Contractor, without announcing further inquiry.

Tender evaluation

Criteria for evaluation and description on awarding points

Total Net price – lowest =6p (60%);

Points in regards to the “total net price” criteria will be awarded as following:

(lowest price in sample/ considered offer price) * 100 * 60%

Deadline for delivery and implementation – up to 12 months =2p (20%);

Points in regards to the “deadline for delivery and implementation” will be awarded as following:

(2 p for the most favorable term/ 2 p for the most favorable term or 1 p second most favorable term or 0 p for further terms) * 100 * 20%

The most favorable period and warranty costs, software updates and remote support = 2 p (20%).

Points in regards to the “most favorable period and warranty costs, software updates and remote support” will be awarded as following:

(2 p for most favorable conditions in the criterion/ 2 p for most favorable conditions in the criterion or 1 point for most favorable conditions in the criterion or 0 p further conditions) * 100 * 20%

Exclusions

- from participation in the proceedings are excluded affiliates (personally or capital) of the company Epros Sp. z o.o., Sp.k.
